

When it comes to Quality, Superior Products,
 Technical Support & Service...**there's one**
Plastics Extruder you can rely on!

PRIMEX

PLASTICS CORPORATION

A subsidiary of ICC Industries Inc.

**Large enough to
 handle your requirements.**

**Small enough to
 handle your needs.**

Prime Polyolefins – Polyethylene & Polypropylene

Prime Polyolefins are available in FDA, printing, exterior construction and thermoforming grades. Noted for their toughness, durability and chemical resistance our polyolefins are found in a wide variety of consumer and industrial applications. Typical applications include leisure craft, playground equipment, portable toilets, tank liners, food & medical trays, and automotive dunnage. Polyolefins are also available with talc added where higher heat resistance and stiffness are required.
