

When you need tough, durable plastic sheet for your thermoformed applications, **think TUFF-X!**

PRIMEX

PLASTICS CORPORATION

A subsidiary of ICC Industries Inc.

TUFF-X

Large enough to handle your requirements.

Small enough to handle your needs.

Our Prime **Tuff-X** family of products offer improved toughness over typical commodity materials such as ABS, PE and PP. Prime **Tuff-X** is formable, UV and chemical resistance, offers a low CLTE and is suitable for a variety of applications. Our Prime **Tuff-X** family comes in a variety of substrates ranging in Flex modulus from 270,000 all the way to 500,000 PSI.

Tuff-X 200, 300, 500 ♦ HG, SR, SWR
& Super 400, 500 HG, SR, SWR

For more information or samples on **Tuff-X**, please call your **Primex Business Manager**.
