

## PRIME POLYGRAPH.ics™

**PRIME POLYGRAPH.ics™**, an unique brand of polyolefin products that provide printers/processors a highly versatile material that offers exceptional durability, stress crack resistance and weather resistance. **PRIME POLYGRAPH.ics™** is available in Polyethylene (PE) and Polypropylene (PP) sheets and rolls.

**PRIME POLYGRAPH.ics™ PE** offers exceptional printability and great layflat characteristics for Screen, Litho/Offset, Flexo and Digital Printing. Available in gauges .010 to .040 in white and custom colors in a Matte/Matte or Matte/Polish finish.

**PRIME POLYGRAPH.ics™ PP** is graphic quality product that provides customers an alternative to using PVC for projects that require durability, bendability, impact resistance and can be easily recycled. Available in gauges .018 to .040 in white and custom colors with a Matte/Matte or Matte/Polish finish.

### Applications:

Indoor/Outdoor Signage, Shelf Talkers, Aisle Markers, Counter Mats, Menus, Folding Cartons, Stationary items, Security/Safety Tags, Booklets, Pump Toppers, Horticultural Tags/Labels.

### Processes Include:

Screen Printing, Litho Printing, Flexo Printing, Digital Printing, Die Cutting, Scoring, Folding, Gluing, Stapling, Sonic Welding, Laser Cutting and Thermoforming.
