Customization

ABSOLVE PS processes, fabricates, prints and performs just like a standard High Impact Polystyrene material. Additional benefits of this engineered material is the ability to be recycled with your normal polystyrene products. ABSOLVE PS is available in sheets & rolls. A variety of opacities and controlled textures such as Matte/Matte, Matte/Polish or Matte/Gloss are available in gauges ranging from .010 to .1875.

ABSOLVE can be color matched to meet your specific requirements through our vertical integration with Primex Color, Compounding & Additives.

Sustainability

Prime ABSOLVE meets industry sustainability standards and can be recycled as a post-industrial or post-consumer product.

Primex Sustainability: A better tomorrow, starting today!
