

Prime POLYGRAPH.ics™ PE

Our Prime POLYGRAPH.ics is a unique brand of polyolefin products that provide printers/processors a highly versatile material that offers exceptional durability, stress crack resistance, and weather resistance.

Prime POLYGRAPH.ics is available in polyethylene (PE) and polypropylene (PP) sheets and rolls.

Prime POLYGRAPH.ics PE

Prime POLYGRAPH.ics PE is known as the best lay flat, square cut, cleanest polyethylene material for the print industry

Applications

Indoor/outdoor signage, shelf talkers, aisle markers, counter mats, menus, folding cartons, stationary items, security/safety tags, booklets, pump toppers, and horticultural tags/labels.

Sustainability

Sustainability includes considering the product's circularity or end of life during the design of the finished product. Prime POLYGRAPH.ics PE is a polyethylene (recycle code 2) that can be recycled as a post-industrial or post-consumer product. Contact your Primex Territory Business Manager or check with local recycling facilities to determine where it is collected and recycled.

Primex Sustainability: A better tomorrow, starting today!
