A recycling bin for the break room to the board room to the classroom.

Our mission: Provide a simple, affordable, and customizable recycling bin to allow our customers to expand and change their recycling program over time.

RecycleBoxBin is designed to collect ANY items that will fit into our 25-gallon containers. Our bins are made of corrugated polypropylene plastic to ensure durability against dents, cracks, and dirt. Because it's corrugated plastic, our bins are strong and flexible without being heavy.

Features:

- Unique label system that you can change & modify over time
- Sized for common 39 gallon trash bags
- Easy to clean— base pan catches all the leaks
- Easy to empty
- “Tidy Tucker” on back to clean up excess bag
- Clear label sleeve removes for easy cleaning
- Custom, digitally printed graphics available
- US Company, US materials

How it ships: All bins are shipped flat packed and are collapsible for easy storage. All packaging is 100% recyclable!

Custom labels: Our unique to industry label system allows you to create and change your program over time. Each shipment comes with six (6) standard, printed labels.

More label templates are available on our website.

Bags: When ordering bags consider 39 gallon bags. Many standard 33 gallon bags with a pleated/gusset bottom seal should also fit, just make sure they are 30" x 42" minimum size.

Four basic components:

1. Label & Sleeve - 8"x8" clear plastic holder w/ Velcro attachment. Place opening to the top.

2 & 4. Lid/Base - 1.5" high, 125 mil black textured #6 HIPS plastic made from 98% recycled material. Lid has 8" diameter rolled edge holes.

3. Container - 25 gallon 6mm white corrugated #5 PP plastic. Holds common 39 gallon bags.

Custom Print: With our state of the art digital printer, your RecycleBoxBin can be customized with your brand, mascot or logo for seamless integration into your school or business.
